Phuoc Long B Ward, Thu Duc City,
Ho Chi Minh City

OBJECTIVE

I am a senior student at Ho Chi Minh City University of Technology, majoring in Software Engineering. I have accumulated knowledge and practical experience in areas such as ASP.NET Core Web API, ASP.NET Web MVC, WinForms, system design, database management, data analysis and using tools for developing and managing source code. After completing my internship, I continue to look for opportunities to expand my skills and apply my knowledge in practice.

SKILLS

Technical Skills:

- Tools: Visual Studio 2022
- Languages: C#, JavaScript
- Libraries and frameworks: ASP.NET MVC 5 & MVC 6, ASP.NET CORE, LINQ
- API Development: REST-based APIs
- Database: MS SQL Server, DML & DDL Queries.
- Version Control: GitHub, GitLab and SVN

Soft Skills:

- Research and read English documents.
- Teamwork
- Good algorithmic

EDUCATION

September 2021 – Present:

- Hochiminh City University of Technology.
- Major: Software Engineering
- GPA: 3.21/4.0

WORD EXPERIENCE

.Net Developer Intern

Dat Viet Software. December 2024 - March 2025

- C#/.NET & API: Developed and maintained REST APIs for CRM system integration, refactored backend logic to enhance data consistency and reliability, and improved system scalability by restructuring API endpoints.
- JavaScript & Frontend: Implemented enhancements to improve user interactions and API handling.
- SQL Server & Database: Optimized stored procedures to enhance query performance, debugged and optimized SQL queries for large-scale customer data, designed and modified database schemas to support new CRM features, and resolved data inconsistencies in reports and dashboards.
- Client Collaboration: Gathered client feedback and adjusted system features accordingly.

PROJECT

Traffic Law Research Website

Duration: March to December 2024

- **User functions:** Search for documents and news, comment on news articles, download document content.
- **Admin functions:** Manage user permissions, manage comments, perform CRUD operations on documents and news articles.
- **Responsibilities:** Database design, all admin functions and some user functions.
- **Technologies:** ASP.NET Core, AspNetCore.Identity, DocumentFormat.OpenXml. LinQ, SQL Server.
- **GitLab:** <https://gitlab.com/trang999/webtracuuluatgiaothong.git>
